A MASTERCLASS IN COMPACT, INNOVATIVE DESIGN

The Sunliner Ekho stands as the shortest motorhome on the Australian market, measuring under 6.2 meters while offering exceptional design and innovation. Choose from four cleverly designed layouts, each featuring an electric drop-down bed and Sunliner's revolutionary DryZone split ensuite for a truly functional touring experience.

Despite its compact size, the Ekho is packed with features and smart, innovative design. A standout is the versatile rear-access loading door, creating secure multi-functional storage; ideal for bikes, e-bikes or electric scooters. Travel with confidence knowing your gear is safely locked inside the vehicle, protected and ready for adventure.

Compact, clever and incredibly capable — the Ekho redefines what a small motorhome can be.
